Tyumen: perfect city of the future

In the last century humanity has prospered. Peace has been established country borders have been opened, and education is better than ever. But as always, one question still remains: What is the perfect city? Which city could you visit and never want to leave? To answer that question, let us tell you about the Russian city of Tyumen.

Places of interest

Of course, a perfect city must have good places where you could go sightseeing. First of all, Tyumen has the largest coastline in Russia, along its river Tura. It has three levels, and it goes along a very large part of the river. Second of all, it has one of the largest drama theatres in Russia. Also there are countless beautiful works of architecture all over town.

Travel

Tyumen is one of the most scientifically advanced cities of the entire world. As evidence to that, Tyumen is the first city to employ teleportation as its main method of public transportation. There is no need to use obsolete methods of travel such as ground vehicles that consume your precious time.

Food

Obviously, Tyumen constantly receives many tourists from all over the world. And as such, it has places with cuisines from just about every country! Italian, Mexican, Chinese - if you can name it, then Tyumen has it. Along with that, many restaurants have integrated the technology of robots to cater for you.

Work, education, and leisure activities

Tyumen is a city of highly educated people. For the most of their lives, people work and study. Both work and education uses advanced software which increases productivity by 100%. But you also have two months of paid leave, which can be used to rest.

In conclusion, it is obvious that Tyumen truly is a city that you would not want to leave.
