Tyumen - the best city in the world!

PLACES OF INTEREST AND MAIN INFORMATION

Nowadays we live in a world fitted with high technologies and Tyumen is not an exception! Our city has a lot to offer for example a gorgeous embankment with automated vehicles for unforgettable trips and a national museum of robots.

WAYS OF TRAVELLING

There are plenty of ways of travelling to Tyumen. If you are a visitor from overseas I would recommend you to use a supersonic plane. Whether you are coming from another Russian city, the best option would be a private train.

EATING HABITS

Tyumen caters national Russian food. You can try a wide range of soups and salads here.

STUDYING AND WORKING

Our university, which is one of the biggest in Russia, is situated in the centre of the city. Graduates have plenty of opportunities. They can become astronauts or get degrees in history.

SPARE TIME ACTIVITIES

What would be the most perfect option for a tourist in Tyumen? Maybe watching integrated modern and classical plays at the local theatre? Or flying in a spacecraft? These activities are, of course, worth trying! But the most popular one is car racing. Tyumen is the only place in Russia where supersonic car racing is safe and legal.

PERSONAL OPINION

If you come to Tyumen, you will never regret visiting this wonderful city. Update your software and book a trip!
