Tyumen has been attracting people for donkey's years. It goes without saying that this city is a good one for living and for visiting as well.

To see Tyumen means to look at its places of interest. Every single park and square has unique history. You can use cater or go on foot to enjoy Embankment, the only one with four levels. In general, citizens live as they lived; there are a lot of markets and restaurants so as not to stay hungry. Although jobs and professions are not so different than 20 years ago (tendency of work online left), education system became integrated with help in choosing career. Modern software allows to spend time in VR travelling, full 3D games and movies. But the beauty is in real life. None of vehicles can give you feeling after walking through Tyumen.

There is no word created to express the true saturation of this city. Come to think of it, there is no place Tyumen can be compared with. ~~Tyumen~~ Yesterday Tyumen was interesting yesterday, and it will be attracting tomorrow. Excellent future prospects, rich culture or unique history - it's up to you what to appreciate in this lovely place.
