It is a wellknown fact that decades ago the city of Tyumen was known as oil and gas capital. However, after ecologically pure hydrogenium reactor invention this name became forgotten in now time. Nevertheless, not only is Tyumen history outstanding, its present as well.

#### Sightseeing

The most well-known sight of Tyumen is the Embankment. It is a huge complex with three underground levels, consisting of museums of local history and industry, and four levels above with leisure zones and cafés, where you can taste local cuisine. I especially recommend you synthetic mammoth meat and "shangas"-buns with cottage cheese.
