Tyumen - the technological pearl of Siberia.

Have you ever dreamt about discovering Russia? Make your dream come true! Cold Siberia is remarkably good at melting the hearts of numerous tourists, therefore, Tyumen, being its center, is a nice place to start with.

Places for entertainment

Don't miss the opportunity to submerge into virtual reality with the help of our technological miracle - digital media-museums. Its software is unique, so these places attract tourists from all over the world!

Travelling

Being located on the banks of the river Tura, Tyumen is famous for its gorgeous waterways, providing people with a chance of enjoying cater and boat trips. Get familiar with these unbelievable high-speed vehicles and you'll never regret it!

Cuisine

What about region's cuisine? People eat in the restaurants, where the food is prepared by robots. Technologies, integrated in the cooking process, are an incredible bit of the future, filled with stunning opportunity to forget about cooking routine and enjoy delicious traditional food!

Education

A visit of Tyumen's universities might become an unusual experience. The whole system is obsolete and involves the use of technologies. No more boring classes and teachers: studying is carried out through various video-games, beloved by the students. The idea is to get knowledge in an interesting way.

Why Tyumen?

As you can see, Tyumen's citizens adore technologies, and spend all their time developing this field of knowledge. Visit Tyumen and feel its spirit, combining traditions and technological success of Siberia.
