Tyumen in 2070.

It's great to see how much our country has changed! Russia is constantly developing. I'm afraid some people might forget about visiting their country's cities. I would like to tell you about Tyumen and this city's advantages!

The Places of Interest

The first thing people think about when they arrive to a city is where to go. Fortunately, there are many sights in Tyumen. The most popular one is the embankment of Tura. The water in Tura has become much purer, it's allowed to swim there! There is also a part of the river where you can rent a catamaran. You can also visit museums where you can learn more about history of Tyumen!

How to spend free time

If you've had enough of restaurants and museums, you may visit malls. If you are tired of walking, you can rent a vehicle which doesn't pollute our environment. I would also highly recommend to visit parks and squares because they have become much cleaner.
