Tyumen has always had numerous museums, however over the past years their numbers, vastly increased. We have almost any museum imaginable: Museum of ~~obsolete~~ technology, Museum of Food, even the Circus Museum. Personally I would recommend the former, since they possess an example of any piece of technology ever made, which I find rather impressive.

Travel:

With the growth of the city the number of airports and railway stations also increased. (~~There are five international airports and three railway stations now~~) It is also possible to find alternative vehicles in the city, such as electrocars and helicopters.

Gr

Food:

The <sup>most</sup> most of food supplies are grown outside the city on fields or farms. You can taste them in local restaurants, who cater an enormous variety of cuisines: from classical Russian to unusual Egyptian.

Employment:

Gr

The unemployment rate is practically nonexistent in the city (~~only about 0.1 per cent~~) Moreover, companies provide variety of jobs, <sup>from</sup> ~~from~~ which employees can do good for society as well as enjoy their work.

Education:

Schools have optimised study hours ~~so the kids get maximum knowledge while still having free time~~. Higher education is provided in <sup>in</sup> universities with teachers and students all over the world. State-of-the-art software is installed in all classrooms to improve the students' performance.

Leisure:

Free time can be spent in the green areas, integrated in the city infrastructure. There are provided various - attractions for any age

Conclusion:

Seeing all the facilities of the city, I believe it is a dream come true and a must for a visit.
