Gr For the last 7 decades Tyumen has been the best city in ~~the~~ by the quality of life. ~~It~~ Tyumen had the best hospitals, schools, houses and other things, and it has only gotten better ~~in this~~. In this guidebook I personally will tell you about the best places in Tyumen and the life of its citizens.

Gr Let's start with the best places of interest in Tyumen. The new techno museum in the city centre sure will be a great attraction for both citizens and tourists. The museum doesn't just display the newest technology - it also has a teaching programme, where you can learn more about computers, things like software, data pathing and more.

Style And what about the most important thing about any city - citizens? How the citizens of Tyumen live from day to day? Let's see.

WW The number of citizens in Tyumen increased from 800,000 to 8,000,000. Well, for the citizens it's not something new - they are the ones creating the population.

New office buildings, universities, schools and hospitals are being built right as you are reading this guidebook - all for the future generations. New food factories, fruit gardens, vegetable fields are ~~being~~ opening to increase the quality of food in Tyumen. ~~Our~~ Our mayor wants his citizens to eat all the best and the freshest.

And you can see the rest yourself! Come and visit Tyumen and you will never forget it.
