### Tourism in Tyumen, 2020

So, you decided to visit Tyumen... Great idea! This city, while being kinda trivial in 2020's, has grown in size and <sup>now</sup> has a lot of places, which attract a lot of tourists from all over the world, and this guide talks about some of the places that you should totally check out.

The first place, which will cater to people who like extreme sports is an amusement park. The park itself is divided into two parts: the water park and the roller coasters, both having something that has a world record. For the water park it'll be the Oriental Express, which is the longest ride ever made. For the roller coaster park, it'll be the "Crazy Ivan" ride. In the ride, you sit in a car-like vehicle and then run through rails at a very fast speed, on one part of the track you even take off for several seconds. For the people who like museums there's a museum of computer history, the most interesting things there being an obsolete mother board with integrated GPU and a copy source code of a ransomware software, WannaCry. And, for those who would to know the city's history they can book a tour, which goes around the region visiting museums, churches and some other places, connected to it's history.

Of course, this is by no means a comprehensive list of everything to do in Tyumen, but just a select few I consider the best, so it should give you a taste what it's like and confirm the decision of visiting this great city. But for now, we'll meet in the part two of this guide, or maybe even right here, in Tyumen.
