Our school museum faced with a big problem. It is used not effectively and fully.

Our school museum contains a lot of pictures, old photos, old books, information about history of our place and school. The room of

There are some reasons why our museum is not used effectively. Firstly, ~~students~~ students sometimes ~~cannot~~ cannot visit the museum as it usually close because our museum has ~~strong~~ limitation on working hours. Secondly, students usually go to the museum and do not know what they need: they just watching and go away. Thirdly, sometimes students can not find what they need. Moreover, not large amount of student's is interested in visiting our school museum. The amount of visitors decrease rapidly.

I think we can ~~do it~~ deal with the situation. Museum should work longer to everybody could visit it. Also our teachers should encourage students to go to the museum. For example, they can give homework to find information in the school museum. We can tell students what we have in our big school museum. Also room for the museum should be bigger to show all our objects and information; we can make a list with names all the museum's objects. Engagement to work or in our museum or visit it is very important too. I think we can organise interesting events in our museum or tell a lot of interesting information about it. Many students will want to visit it.

To sum up, visiting our school museum is important, but its resources are not used fully. We can fix it.
