Benefits of the school museum

Introduction

P.

Our school has come to face the problem of the museum rapidly losing its popularity among students whilst being a source of a large amount of information and objects.

The description school museum

lex

G.S

Our school museum is a place dedicated to different national cultures. There you can see all sorts of national costumes, paintings of the cities, back stories of cultures and even dishes you can try yourself. Nevertheless, there is a certain limitation of numbers of nationalities included due to its small space.

Explanations

Colleg. St. V. K. 1/4

Students tend to take for granted what they have so the school museum isn't that big of a deal for them. As for another reason why the museum is ~~not being noticed~~ not being noticed is its engagement to the old-fashioned way of working without any actual advertisement whatsoever.

Recommendations

To increase the popularity among students the museum should be introduced to them via a brief tour where they will be able to see all of its facilities. Another way of making the museum be used in its full potential is advertising and promoting it on social media as it is the main platform where students spend most of their time.

Conclusion

orig/k2

As a conclusion, it is important to enhance the meaning of this problem as school museums can be quite overlooked despite a helpful and resourceful output for students.
