Report

• Introduction

The purpose of this report is to outline the reasons why the school museum is not used properly by students and to give recommendations about how to improve the situation.

• General information about museum

The museum is situated on the school's territory. It contains considerable amount of information, various, even unique exhibits. Also, there is a special room with desks, chairs and other furniture. In different words, everything for comfortable studying. *mother words*

• Explanation for lack of visitors

Firstly, working hours are not suitable for pupils. At that time everyone is in classrooms, busy with studies in school.

Moreover, the limitation of time one can spend inside is playing important role. Obviously, it helps to keep normal amount of visitors, however, it is a <sup>the</sup> major drawback for students, who need to do a research in <sup>the</sup> limited time.

• Recommendations

Considering all negative aspects the change in working hours is required. In this case, more pupils would use museum resources in suitable for them time.

Furthermore, I suggest you to reconsider the point about time limitation. No limit - more visitors. Students desire
