To: The School Committee

From: The School Students

Subject: School Museum Use

Date: 16/02/2021

Introduction

Gr. This is the report elaborating² on the reasons behind the school museum's not effective use³ by the students and giving recommendations to improve the situation⁴.

Description

The school museum is a spacious hall with a plethora of exhibits and resources, such as maps, stones, etc.⁶, that are always at students' disposal. Moreover, it presents a⁷ great variety of unique scientific and ancient books.

Explanation

Despite⁹ with the seemingly obvious benefits of the museum, the students' engagement⁸ with it is rapidly decreasing. There are three possible explanations to it.

First, there is a popular belief that everything¹⁰ can be found on the Internet these days, hence, there¹¹ is no urgent need to use the museum's resources.

Second,¹² the museum's collection seems outdated to the majority of students.

Third, there are certain limitations to the information that can be found there.

Recommendations

There are several options that may enhance the students' engagement with the museum.

First, due to increased public interest in digital devices, the museum should add electronic exhibits, where the purpose of a certain programme is shown, to its collection.

Second, the museum should host some events, invite interesting people to make itself more appealing to the students.

Conclusion

To conclude, we would like to note²² that the situation explained in this report can be greatly²³ improved by applying aforementioned recommendations.
