Subject: Museum effectiveness

Date: 16.02.2020

This report is given to enhance the lack of not effective use of the school museum. It has been noticed that students' interest towards the place is rapidly going down. It has been considered that such ^{gr}problem took place due to the limitation of available and useful information for the attendants. Style gr

The museum itself consists of large amount of ^{lex}scientific objects and information. Despite that, students do not attend it as often as required. The first consider about what might cause this issue is that the attendants do not find the given information entertaining. The second consider is that the students find the topics problematic for understanding. There are several recommendations for how to involve students in using the museum resources for their education: gr

Firstly, it will serve a good purpose to make an engagement with another museum to send ^{lecturers for} lectors to school for daily increasing public attendance. Secondly, ^{lex}It is highly adjusted to remove all heavy language from information stands and ^{gr}add only the one that will leave an output in students minds. 100

To conclude everything that was written in that report, we can count on our further agreement and improvements of the museum attendance will not wait for so long. gr
